THIRTEENTH YEAR

## WILL CACHE COUNTY HAVE FAIR IN 1915?

This Question is Being Seriously Asked by Officials of the Association

Will Cache county have a fair in 1915 or will the money obtained thru the tax levy for county fair purposes be sent to California to help maintain the Utah exhibit at the Panama Exposition? One commissioner says the county fair should have most of it, another, that with him, it was Cache county first, State Fair, second, and the Panama Exposition third, if there was anything left, and the other commissioner said it was too late that they had already promised \$1300 for the Utah exhibit at the Panama Exposition.

This is what the county fair officers and some members of the board of directors had to face when they called upon the commissioners preparatory to the launching of activities for the fair for 1915. It was explained that the total cost of each fair since 1911 was from five to six thousand dollars and that without the tax levy there could be no county fair.

County fairs have been established for the purpose of encouraging and educating the various producers to bring their products to a higher standard of perfection, and its scope may extend to every art and science known to the human mind. The quality of all things are known to the human mind. The quality of all things are known by a standard and all standards are obtained only by comparison. A standard of perfection is of the highest value. It is the model of the producer. It is his unit of measurement, like a foot rule to a mechanic, he uses it. He knows the height and depth, and the width and breadth of the thing desired and happy is the man who knows how to use it. When we compare his handiwork with the standard of perfection it is high up in the scale for it is wrought out by the man who knows. Within this knowledge lays the power and efficiency. The greater amount of knowledge the less the loss. Each stroke is accomplished, with the result that the thing has been produced without a loss and therefore should bring a profit. So it is that the countries officials have offered premiums to her producers to encourage high art and science in order that her standard of production may be improved and that improvements may be made known, her talents may be exhibited, and that there may be a demand for her products in the markets of the world.

A county fair is to a county what a display window is to a merchant. A glance at a merchant's window would indicate at once the line of merchandise he handles. A visit to a county fair shows you what the county produces and some of its possibilities. To a merchant, a thing well displayed is half sold. He cannot afford to be without his show window neither can a progressive county afford to be without a county fair.

It brings the producers of a kind together where they may discuss the various methods of growing, raising, packing, shipping, markets and marketing, and items of interest, and profit that could never be obtained away out on the farm. It is worth much to associate in a social way, to be entertained intelligently, to celebrate the harvest, to meet old friends, to make new ones, to feel that one is really alive and resident of a county large enough to support a fair, and to leave it impressed with the idea that God created everything for a specific purpose. A kind of cow for milk, another for beef, a horse for draft, another for speed, one to run, another to trot, an apple to eat, another to cook, a cherry that is sweet, another that is sour, a hog for lard, another for meat, a sheep for mutton, another for wool, etc.

If he is in the hog business and is asked what kind of pigs he is raising, he will not give the oft repeated statement, "just hogs," but will say that he is raising a special kind for a specific purpose, working to a standard and that for a profit, without which no producer can live and is of no use to his fellows and will become an object of charity. If he can so manage his affairs that he is able to produce an article at a profit above the cost of production, he is

## FUNERAL OVER REMAINS OF BURNED CHILD

Many Friends of Bereaved Parents Speak at Services Held for Stanley Hansen

Newton, April 7.—The mortal remains of Stanley Hansen, who met death in such a cruel way on Sunday last, were consigned to the silent tomb after a very touching funeral service held in the ward hall and presided over by First Counselor Christa Christensen. The choir sang "Our Everlasting Friend." Prayer was offered by Elder William L. Larson, and the choir sang "I Know My Heavenly Father Knows."

Consoling remarks were made by Elders John A. Larson, John E. Griffin, Oscar Bjorkman and A. A. Johnson, all of whom bore strong testimonies of the gospel of Jesus Christ and of the hope of a glorious resurrection for the departed and they who endeavor to live the gospel of Christ.

The choir sang in closing "I Need Thee Every Hour," and Patriarch W. H. Griffin Sr., pronounced the benediction.

The casket and stand was a perfect bank of beautiful flowers which were borne by little girl classmates of the deceased. A beautiful tribute to his memory.

The pall bearers were Marcus Cooley, Donald Jenkins, Willie Christensen, and Isaac Jacobson.

A long cortege of sympathizing friends followed the remains to their last resting place in the city cemetery where interment was made. Elder Amos Clarke officiated in the dedicatory service.

The sympathy of the entire community goes out to Brother and Sister Hansen in this dark hour of trial and may the Father who doeth all things well, comfort their hearts and help them to bear the sorrow of this sad parting.

The funeral directions were in charge of Alonzo Lindquist of Lindquist & Son of Logan.

## 'OFFICER 666' IN MOTION PICTURES

On next Monday and Tuesday nights the Logan public will be given a genuine treat in the presentation at the Lyric theater of the popular comedy success, "Officer 666" in five reels of motion pictures.

The feature is an offering of the George Kleine studios which in its self is a guarantee of its magnificence, as regards scenic beauty, and as it is acted by full fledged American talent of the first water, in fact by those who have made the play famous, we can look for a production of unusual merit.

The management secured this picture at great expense direct from the Kleine offices in Denver, and as sure the public that no expense has been spared by the manufacturers to make this picture the equal, if not superior to anything yet put on the screen.

Special music will be rendered by the Lyric concert orchestra, and in all the program will be a worthy one.

wanted everywhere by the banker, baker, butcher, grocer, carpenter, builder, blacksmith, locksmith, hardware and in every line of industry. He becomes a valuable citizen.

How many dairymen in Cache county are feeding cows at a loss, getting \$4 worth of milk and feeding \$5 worth of hay. Is it the fault of the man or the cow. How many hens in the poultry yard are laying eggs at a cost of sixty to seventy-five cents per dozen? How many are raising horses and selling them at four years old for \$100 when it takes sixty months of feed and care to produce a four year old? Sixty months at \$1.50 per month is \$90 plus \$10 for service equals \$100. Where is the profit. All these things and many more are impressed upon the student at the county fair and in time will bring back its reward with big interest for every dollar spent for a county fair.

## New Mode of War Relief; Selling Captured Trophies.

The illustration shows the Serbian Count and Countess Karageorgievitch in London selling guns and other trophies captured from the Austrians. The money received is used to aid the Red Cross.

## AGGIES TO BE REPRESENTED AT EXPOSITION

Harry Halton, State Boxing Champion Decided to Go Early This Week

The Aggies are to be represented at the Big athletic carnival of the Panama Pacific Exposition which is to be held in San Francisco on the 14th and 15th. This was decided upon early this week when Harry Halton the 115 pound boxing champion of the state agreed to go. He expected to be accompanied by Archie Egbert, the 145 pound wrestling champion, but Egbert cannot get away at this time.

Not much else of importance in athletic way occurred at the College this week for the school was closed the first part of the week, on account of the spring vacation. Many of the athletes went home, but those who remained here worked out regularly and they are showing good form. Madsen in the pole vault and Anderson in the mile are doing exceptionally well, and both of them will exceed their records of a year ago. Hugh Peterson, about whom there was some concern because of a game knee that bothered him last fall, has been out regularly and he is doing splendidly. A trifle below 54 seconds for the quarter, was his performance last night. He is showing well in the 100 yard dash, too.

Twitchell is making good in the weights. Barney, the man who was making a good showing in the half mile, is sick with the mumps and Coach Teetzel is afraid that his illness may bar him from the state meet. He hopes that the runner will be able to compete, however for he is a strong and fast runner.

The work of preparing a cinder path on Adams Field was taken up in real earnest this week. The excavating has been done and the other work is progressing. On the 21st which is College day, the entire student body will take a hand in the track making.

The college tennis players are coming in slowly, but the promise is that there will be a good sized squad entered before the tournament comes off, as more interest has been shown since the B. Y. C. college racket experts decided to take up the game this year. The Aggies are out for games with the B. Y. C.'s and expect some rare sport here at home.

Miss Rose Burr has gone to Rexburg for a visit with her brother.

## DODGE BROS. TURN DOWN WAR ORDER

Big Detroit Company Has Entire Output for Coming Season Sold and Refuses to Take War Order

A cabled offer for an order for over \$1,000,000 worth of motor cars has been received and turned down by Dodge Brothers, the big Detroit motor car manufacturers, during the past week, according to an official of the company. The order came from an agent of the Russian government, stationed at Stockholm, Sweden, and was for immediate delivery of cars.

"Every car that Dodge Brothers can turn out during the coming season has been contracted for by dealers in this country," says George C. Hubbs, Assistant General Sales Manager. "Naturally we intend to satisfy the American market, before filling foreign orders, and are shipping our cars as fast as completed to all quarters of the United States. A remarkable fact connected with the marketing of the new car, is that although we have already shipped thousands of machines, practically none of our dealers report a single car in stock."

"Since the manufacture of motor cars was commenced last fall, the force of Dodge Brothers employes has been increased from 3000 to over 7,500. Practically all manufacturing departments are working on day and night shifts to fill orders."

## PRES. JENSEN WILL NOT GO TO U. OF U.

Expects to Remain With the Brigham Young College

Street talk has had it that President C. N. Jensen of the Brigham Young College, had been tendered a position at the University of Utah and that he had accepted the position. When called over the telephone last evening to verify the rumor, President Jensen said: "I wish you would make the correction for me and say that I am not going to the U. of U., but am going to stay at the B. Y. C."

## HELEN KELLER TO TELL STORY OF OWN LIFE

As Part of U. A. C. and B. Y. C. Lyceum Course, Lecture to Be Given April 14

After twenty years of unremitting patient effort and study guided all ways by the genius of her friend and teacher Mrs. John Macy, Helen Keller will on April 14, tell Logan people at the tabernacle the real story of her life. Deprived of her sense of sight and hearing and the power of speech since infancy, this famous woman, now in the early thirties, has at last acquired a speaking voice that is adequate for public addresses.

This is our latest, her crowning achievement, probably the most remarkable accomplishment in the history of education. There have been others which scientists unanimously declared would be impossible for her; the writing of several successful books, the graduation, cum laude, from the full course at Radcliffe College. But none pays higher tribute to her patience, intellect and cheerful, sunny nature than this culmination of her greatest ambition.

It is a real message that she brings to her audience, the full import of which is told by Mrs. Macy in the introduction she will give to Miss Keller's address. It is a story of cheerfulness and sunshine told by one who has come out of the darkness into the light.

## PROGRAM FOR EASTER SERVICE AT TABERNACLE

The following program will be rendered on Sunday afternoon at 2 o'clock in the Logan Tabernacle:

1. Song ..... By the Children
2. Prayer
3. Piano Duet ..... Ruth and Enid Rosengren
4. Address ..... N. T. Porter
5. Vocal Solo ..... Arthur Olson
6. Song ..... by the Children
7. Benediction

All are invited to be present.

## U.S. GOVERNMENT GAIN VITAL POINT

Negotiations in Piepenbrink Case is Victory for United States Diplomats

Washington, April 8.—An important point has been scored by the American government in the negotiations that have been in progress with belligerent nations during the European war with the purpose of securing the protection of naturalized American citizens. It was learned today that the French and British governments have joined in consenting to release August Piepenbrink a steward on the American steamship Windber, who was taken off by the French cruiser Conde on November 13 when the ship was two days from Colon, en route to New York.

Piepenbrink, who was born in Germany, filed a declaration of his intention to become an American citizen in Seattle, Washington in 1910.

In defending the action of the commander of the Conde, the French government set up a claim that the steward had not completed his naturalization and therefore was a German subject, a naval reservist and properly subject to arrest. Piepenbrink was turned over to the British military authorities at Kingston, Jamaica, who also refused to deliver him up on the same ground.

The state department asked for the prisoner's release, insisting that a sailor on an American vessel who has declared his intention of becoming a citizen and remains on the vessel under the laws of the United States is considered as having acquired full citizenship.

Moreover, the department held that the sailor's removal, even though he

## PROMINENT IDAHO FALLS COUPLE WED

Guests of Relatives at Smithfield This Week. Many Attend Conference

Smithfield, April 9.—Miss Elizabeth Griffiths of Idaho Falls and Mr. Emory Owen, a prominent young attorney of the same place, were united in marriage at the Congregational Church at Salt Lake City on April 3. Miss Griffiths is the oldest daughter of Mr. and Mrs. Harry Griffith of this place and they came to our city on Monday evening's train and were the guests of Mr. and Mrs. Robert Griffith. They were entertained on Monday evening by Mr. and Mrs. J. E. Sheffer to a most delicious wedding supper at the Sheffer home. The tables were nicely decorated with sweet peas. The couple left yesterday morning for Idaho Falls where they intend making their future home.

Mr. Henry Watts of our city and Miss Leona Bair, of Richmond, were united in marriage at the Salt Lake temple last Friday and are moving into the home of Mrs. Ellen Watts this week.

Dr. Quirk is moving this week to Franklin, Idaho. His many friends here are sorry to see him leave.

A family dinner was given Sunday at the home of William Watson. Those present were Mr. and Mrs. Joseph E. Robinson of Farmington, Prof. William O. Robinson of Logan, Mr. and Mrs. Elmer Kingsford of Cove, Mr. and Mrs. Wilford Roskelley of Howell, Utah, Miss Emma Nuttall of Lewiston, Mrs. Mary Watson, Mrs. Mary Jane Roskelley, Mr. and Mrs. J. H. Roskelley, Mr. and Mrs. George Roskelley and Mr. and Mrs. Jacob Watson.

Among those who visited Salt Lake City during conference were: Bishop G. Y. Smith and wife, Bishop William Winn, George E. Miles and wife, Edwin Miles, and Mrs. Annie Miles, Miss Margaret Romney, Miss Sadie McCracken and William G. Raymond. The daughters of the Utah Pioneers will hold their meeting at the home of Mrs. William Thornley on Wednesday April 14.

Mr. and Mrs. K. K. Kary are rejoicing over the safe arrival of a fine baby boy this morning.

Mrs. W. Q. Anderson left Sunday morning for Rigby, Idaho to attend the funeral of her sister Mrs. Call who passed away at that place a few days ago.

Miss Hilda Hansen of Idaho Falls arrived here Monday to visit the Hansen family.

## CLARKSTON CLIPPINGS

Clarkston, April 9.—Quite a number of our people attended the conference among them was Bishop John Ravsten, Walter S. Thompson, Thomas Godfrey, Thomas Griffin, two daughters Emily and Lucy, Miss Mary Larson and Mrs. Hymen Holt and quite a number of others.

Mr. and Mrs. John Butters, also went to Salt Lake to meet their son Lewis who has served as a missionary for twenty-six months in the Southern States. He has arrived home again safe and sound looking fine. His many friends are pleased to see him home again.

Mr. David Clark from Bridge, Idaho, made a flying visit to see his parents Mr. and Mrs. John P. Clark.

The baseball team went to Mendon Wednesday to play the Mendon boys. The game was a good one and the score 9 to 12 resulted in a victory for Mendon. On the way home they tried it over with Cache Junction boys. Their game was 2 to 12 in favor of Clarkston. The boys think they did real well for the first game of the season.

## METHODIST CHURCH

Morning hour of worship 11 o'clock, Sabbath School at 12:10 p. m. Union service at 7:30 p. m. A male quartet will be the special musical feature. Everyone welcomed. Corner of Main and Center streets. Bradford T. Flak Pastor.
